## THE SIMPLE GUIDE TO MARINE AQUARIUMS

[DOWNLOAD](#)

TFH Publications,U.S., United States, 2009. Paperback. Book Condition: New. 2nd Revised edition. 196 x 188 mm. Language: English . Brand New Book. The fundamental beliefs about keeping marine aquariums have changed. Once thought to be far to difficult for mere mortals, a successful marine aquarium is now well within the grasp of any interested hobbyist. One of the biggest reasons for the increased emphasis on saltwater fishes and invertebrates in aquarium hobby is that technological advances in aquarium equipment, coupled with advances in knowledge about marine biology, have made the keeping of marine animals of all types easier than it has ever been before. The tanks themselves are better, synthetic sea salts are better, filtration equipment is better, and lighting systems are better. These improvements add up to making it much simpler than it once was for aquarium hobbyists to reap the rewards that the marine end of the aquarium hobby can bring---including actually being able to set up a miniature coral reef and enjoy its fascinating, colorful diversity of life forms.
