Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1881 edition. Excerpt: .and accumulate, but more often a bleak barren ridge where the surface air is most rapidly changed and most copiously diluted. And, independently of this objection, there is a great difficulty in understanding how a morbid process, supposed to be set up by an external nonspecific agent, could afterwards be communicated with perfect similarity by means of a specific agent of a different kind. If like effects betoken like causes, it must be granted that the matter which causes diphtheria in the later extension of an 2 Dr. Woodforde, however, has found diphtheria apparently favoured by thick growth of trees about a village, and disappearing when the trees were thinned. (See Sanitary Record, February, 1880.) epidemic is of the same kind as that which causes it in the first case. But in the later cases the morbid matter is something that has multiplied greatly in...
